

Immunization: Documenting Vaccine Wastage

From the Client's Immunization Record

LHN > Immunizations > **Vaccine Wastage**

The screenshot shows the 'Immunization' sidebar on the left with 'Vaccine Wastage' highlighted in a red box. The main content area is titled 'Immunizations' and displays client information for Bjorn Battle, including Client ID 3297, phone number 204-555-3333, and health region 'Manitoba, Southern Health - Santé Sud'. Below this, there are sections for 'Immunization Details', 'Immunization History - Detailed Data Table', and a 'Tab Panel'.

The *Search Vaccine Wastage* page displays, if "no records were found matching the search criteria, click **Create**

The screenshot shows the 'Search Vaccine Wastage' page with various search filters: Immunizing Agent, Lot Number (with options for 'Display Expired and Recalled Lots', 'Show All', 'Publicly Funded', and 'Non-Publicly Funded'), Event Type, Reason for Wastage, Organization (Benefits Rx Pharmacy), Service Delivery Location (Benefits Rx Pharmacy, Carman, Manitoba), and Provider (e.g. Provider Last Name, First Name). A message box states 'No records were found matching the search criteria.' At the bottom right, the 'Create' button is highlighted in a red box.

Immunization: Documenting Vaccine Wastage

The **Wastage Date**: will default to current date. If the Immunization Default were set, the Organization, Service Delivery Location will be auto populated.

Select from the drop-down list:
