RE: **New Report - 'MB6800A - COVID19 Immunization Record' Report**

Effective Thursday, September 2nd, a new COVID-specific Report, 'MB6800A – COVID19 Immunization Record' has been made available in PHIMS.

The report provides Client demographics, Date of Immunization, Name of Vaccine and, Lot Number information for clients that are unable to access their VaxCard or immunization record using SH-CORD. It can also be used for clients requiring Lot number information for vaccines administered.

All users that have access to the 'MB6800 - Immunization Record' report will have access to this new Report.

It can be generated from the Reports – Immunization section, or through the 'Launch Report' section.

Launching From Immunization Profile:

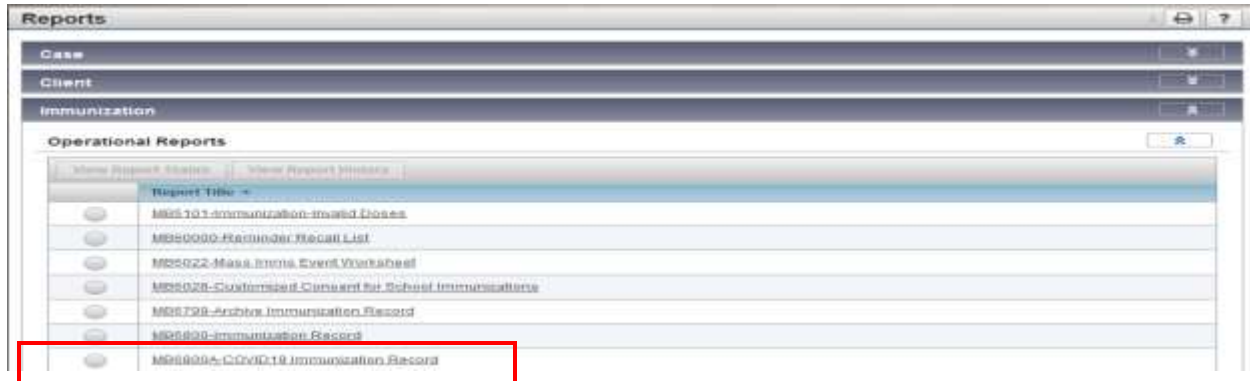

The screenshot shows the 'Immunizations' profile page for a client. The client's name is Broom, Dollarstore Mrd / Female, and the Health Card No. is 11111127. The 'More' menu is open, and the 'Launch Report' option is highlighted in red.

The screenshot shows the 'Launch Report' page. The 'Report' dropdown menu is open, and the 'MB6800A-COVID19 Immunization Record' option is selected and highlighted in red. A 'Confirm' button is visible at the bottom right.

Launching from 'Reports':

Need support?

If you require support with PHIMS access or with the PHIMS software application, please contact the Shared Health Service Desk at:

Email: servicedesk@sharedhealthmb.ca (please state "PHIMS" in the subject line of the email)

Phone: (204) 940-8500

Toll free: 1-866-999-9698

For urgent matters contact the Service Desk by phone and speak to an agent to escalate your request. Please consult with a peer supporter before logging any service requests.
