

MEMO

Date: 24 November 2022

To: All PHIMS Users

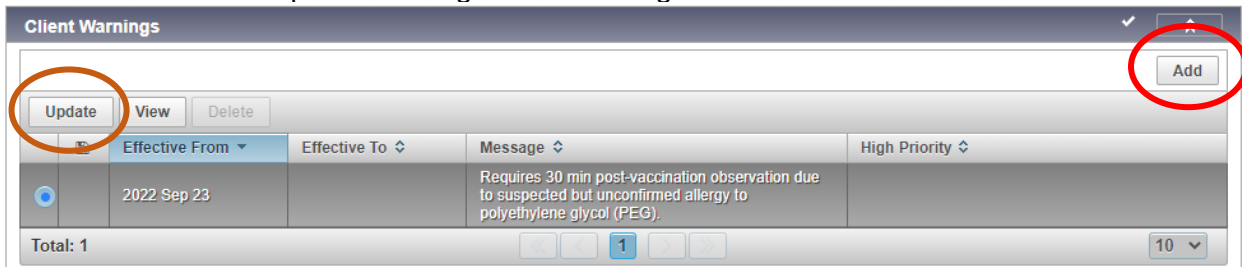

From: Lynda Tjaden, Executive Director, Population and Public Health, Manitoba Health, Unified Public Health Operations
Dr. Richard Baydack, Director, Communicable Disease Control, Manitoba Health

CC: Kathy Koschik, Manager, Public Health Systems, Digital Health | Shared Health
Dr. Carol Kurbis, Medical Officer of Health, Manitoba Health;
Tracy Ward, Acting Director, Clinical Provincial PHIMS, Manitoba Health;
Inga Hossack, Manager, COVID-19 Vaccine Planning, Manitoba Health

RE: **Updates to the MB_Pharmacy_Org Role**

Pharmacy users can now:

- Add new and update existing Client Warnings

Effective From	Effective To	Message	High Priority
2022 Sep 23		Requires 30 min post-vaccination observation due to suspected but unconfirmed allergy to polyethylene glycol (PEG).	

Total: 1

- Add new and update existing Deferrals

Immunizing Agent	Reason	Created By	Effective From	Effective To
COVID19-Moderna Bivalent	Other - specify	Goldman-Smith, Arielle	2022 Sep 20	

Total: 1

Detailed How To instructions are posted in the [Self-Study Library](#) on the Pharmacy page of the PHIMS website. Always use professional judgement to determine how a Client Warning or Deferral applies to your practice.

Note that all PHIMS users will be able to view Client Warnings and Deferrals that pharmacist users enter, and some Client Warnings and Deferrals may apply to vaccines that Public Health administers.

Need PHIMS support? If you require support with PHIMS access or PHIMS software related issues, please contact the Shared Health Service Desk at:
Email: servicedesk@sharedhealthmb.ca (please state "PHIMS" in the subject line of the email)
Phone: (204) 940-8500
Toll-free: 1-866-999-9698

For urgent matters contact the Service Desk by phone and speak with an agent to escalate your request. Please consult with a local peer supporter or local trainer before logging any service requests.
