

# MEMO

**Date:** August 5, 2022

**To:** All PHIMS Users

**From:** Kathy Koschik, Manager, Public Health Systems, Digital Health | Shared Health  
Cornel Van Egmond, Project Manager, Digital Health | Shared Health

**CC:** PHIMS Operations Support Team, PHIMS Project Team

**RE:** **Post Upgrade Reminders**

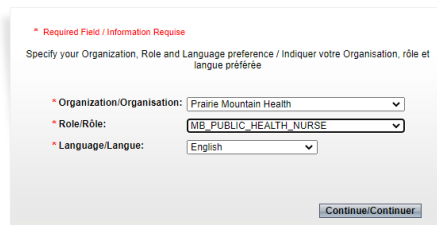

PHIMS was successfully upgraded to version 4.4.5 and is now available for use.

- If you are experiencing any application issues, please clear all temporary internet files/history (cache). This will help your browser accept the new version of PHIMS.
- The default Organization and Role that usually displays in the drop list may have changed to another Organization and Role in the drop list.

For example, the MB\_CDI\_PUBLIC\_HEALTH\_NURSE\_CLOSE role might usually display in the drop list, and now MB\_PUBLIC\_HEALTH\_NURSE displays in the drop list.

The MB\_PUBLIC\_HEALTH\_NURSE role does not include access to the Investigations module, so users will have different access once they login.
