

IMPORTANT!

Recording Moderna HALF DOSES in PHIMS:

- 1 Follow the same process (either provider recorded or non-provider recorded) until you arrive at the "Vaccine Details" section, where the Holding Point Name and Holding Point Location are displayed.
- 2 **REMOVE THE HOLDING POINT NAME AND HOLDING POINT LOCATION.** These 2 fields should be left blank.
- 3 Continue with the rest of the steps in the guide, as written.

PLEASE NOTE: you will NOT see a pop up indicating that the vaccine inventory was decremented successfully as you will not be pulling from inventory on hand.

If you require any assistance, please phone the Shared Health Service Desk at 204-940-8500 or toll-free at 1-866-999-9698.
